

everyone

deserves to have a decent life.

every family has a story.

"If I hadn't found Habitat, we would still be in that one-bedroom apartment. And it wasn't the best of conditions.

"For almost a year, I was working seven days a week, plus doing sweat equity. Depending on my shifts, I would work a morning shift, then go to the Habitat ReStore and work an evening shift there. Monday through Friday, I took Habitat classes in the evening, and I put in my construction hours on the weekends — every Saturday possible.

"While constructing the house, I got to know my neighbors. We built each other's homes, and you can't get much closer than that.

"The biggest difference overall is that general sense of security. Just knowing that it's ours and we make all the decisions — it's been really comforting for our family."

— Lyndsay, Habitat homeowner

No matter who we are or where we come from, we all deserve to have a decent life. We deserve to feel strength and stability day after day. We deserve to know we have the power to take care of ourselves and build our own futures. Through shelter, we empower. Because you, me, we — we're all humans. And every one of us deserves a fair chance.

Your support gives families the opportunity to help themselves. Homeownership allows families to save more, invest in education, live in healthier environments and have more financial stability. It's the foundation for success and a better future.

Please give your financial support, your time or your voice to help create a world where everyone has a decent place to live.

everyone

needs a foundation
to build a future.

Through your support, families in your community and around the world partner with Habitat for Humanity to build the strength, stability and independence they need for a better future.

That's exactly what Habitat homeowner Mario did. "We had been living in a two-bedroom apartment," he says. "At night, we would hear gunshots, fights, loud parties."

After helping build his own home with Habitat, Mario changed the course of his family's future. "The neighborhood is quiet — no gunshots, no violence. People care."

"I always wanted to be the kind of dad my kids looked up to, the way I looked up to my father. I feel like a great dad now. I have provided my kids with a great home."

With your care and financial support, we can help more families like Mario's.

Everyone deserves an opportunity for a better life

Habitat partners with people in your community and all over the world, helping them build or improve a place they can call home. Working alongside volunteers, Habitat homeowners put in hundreds of "sweat-equity" hours as they help build their own homes. Homeowners then purchase their home and pay an affordable mortgage.

The self-empowerment created by this opportunity helps homeowner families eliminate barriers to a better, healthier, more financially stable life. We believe that with a little help, we all have the potential to stand on our own.

Everyone can make a difference

There are many ways to get involved, and your financial support, your voice and your time can change the lives of families in your community or around the world. We are best known for engaging people from all walks of life in rolling up their sleeves, getting a little dirty and lending their hands to our efforts. But along with that generous gift of time, financial support — no amount is too small — is critical to helping more families find strength, stability and self-reliance through decent and affordable shelter. No matter how you get involved, if you ever wanted to change the world and see the impact of your efforts, Habitat has a place for you.
